

Introducing:
NEW Director
Megan Ritter
and the
FAITH 
forward
UNIT

"I'm ecstatic to be a Director in Mary Kay! We worked to the end to finish it up...but it was so worth it. My Unit is fabulous and I feel blessed to have the opportunity to lead them. It's hard to believe that I only signed my agreement six months ago. I'm excited for the financial security that Directorship will offer my family."

-Megan Ritter
New Director

Megan Ritter joined Mary Kay in August 2007. She approached Kristin at a Bridal Show where they were both working at a booth. Kristin and Megan immediately became friends and set a date to meet for lunch. At lunch Kristin gave Megan her "Growing Up Pink" CD. A week later Megan called Kristin and told her that she wanted to join Mary Kay!

Megan is just 23 years old. She is married to her super supportive husband Duane and they have four children. Megan is the youngest Director in the Kittson National Area. She became a Sales Director and earned her first career car, the Pontiac G6, in less than 6 months of signing her agreement.

"Megan's belief level is indescribable. She challenges everyone around her to stretch out of their comfort zone and to think BIG! She is charismatic! Her energy and can do attitude radiate out of her. Her determination and dedication are her keys to success. She finished DIQ while sharing a car with her husband, not having a computer of her own, and juggling being a mom to four kids! I am so proud to have her as an offspring Sales Director, but more importantly, as a friend."
